

Alexandria Gazette.

MONDAY EVENING, JULY 7, 1902.

LOCAL NEWS.

Sun rises tomorrow at 4:47 a. m. and sets 7:24 p. m. High water at 8:37 a. m. and 9:56 p. m.

WEATHER PROBABILITIES.—For this section cloudy; threatening weather tonight and Tuesday; rising temperature Tuesday; light to fresh east to southeast winds.

Found in a Graveyard.

More than a year ago the police were notified that Joseph Green had escaped from the penitentiary at Moundsville, W. Va., and would probably return to the neighborhood to this city, as he had been sentenced in Washington for grand larceny. He had served nearly two years of a four-year sentence when he made his escape. The fugitive was never apprehended, although the closest watch was kept for him. On Saturday morning the Washington police received information that Green was buried in a cemetery adjoining this city on the 28th of last January. He died in a workhouse at Cincinnati, having been sent there under an assumed name and the body was shipped to Alexandria at the request of relatives. The police not having been notified, continued their search for the fugitive until Saturday.

Charters Granted.

Judge Norton today granted a charter to the Piedmont Boating and Yachting Association. The officers are: B. F. McCauley, president; H. V. Lunsdale, vice president; L. D. Sale, secretary, and W. W. Kirby, treasurer, all of Washington. Mr. Charles Bendheim is the local attorney.

A charter was also granted to the Columbian Marble Quarrying Company to own, lease, and operate quarries of marble and stone and to manufacture and sell such products. The capital stock is \$200,000, and Mr. G. L. Bothe is the local attorney. The officers are: J. F. Manning, of Rutland, Vt., president; F. Woodward, of Washington, secretary, and R. C. Birney, of Rutland, Vt., treasurer.

Police Court Items.

The cases on the docket of the Police Court this morning were unimportant. James Myers, colored, was charged with causing some excitement in the market house Saturday afternoon by assaulting a colored girl named Martha Johnson. The evidence showed that the girl assaulted Myers, and he was dismissed. The complainant appeared to be a virgin under the law and was sent to the work house for thirty days.

A white man charged with being drunk and disorderly was fined \$5. Hattie Lomax, colored, had been charged by another female with abusive language and with throwing stones at her. The accused was dismissed, no evidence having been adduced to substantiate the charge.

A Hot Sunday.

The weather yesterday was hot almost throughout. The mercury soared around the 95 mark, until between three and four o'clock when a black cloud formed in the northeast and a refreshing wind lowered the temperature materially. There were, however, but a few drops of rain, the shower having passed down the Maryland shore. After dark a heavy cloud gathered in the western heavens and the thunder and lightning indicated the approach of rain. There was none, however, and an hour later the stars were shining. The atmosphere subsequently grew oppressive and the heat throughout the night rendered sleep in many cases impossible. The weather today has been cloudy and cool.

To Visit Alexandria.

The Confederate Veterans of the Seventh Georgia Regiment are preparing for a visit to the battlefields of Virginia and according to the itinerary they will spend the 21st, the anniversary of the first battle of Manassas, at that place and will reach this city at 7:50 that evening. They will pass the 22d visiting points of interest around here (Munson's Hill and other places), and will leave here for Fredericksburg at 7:30 that night. The veterans are said to number about one hundred, and will be accompanied by their ladies. The regular meeting of Lee Camp will be held tonight and the proposed visit will be discussed.

Funeral.

The funeral of the late Benjamin R. Cook, who died last Thursday night, took place at 5 o'clock yesterday afternoon from his late residence, 219 south St. Asaph street, and was well attended. The members of the Columbia Fire Engine Company, of which he was a member, attended. The services were conducted by Rev. J. A. Jeffers, of the Trinity Methodist Episcopal Church, and the interment was in the Union Cemetery. The following were the pallbearers: Messrs. J. Frank, Jr., Theodore, William, and Ernest Cook, brothers of the deceased, and Messrs. James Hughes and Julian T. Knight.

The Churches Yesterday.

The services at the various churches were yesterday and last night well attended notwithstanding the extreme heat. Rev. R. K. Massie, of the Episcopal Theological Seminary, occupied the pulpit in Christ Church, and the morning services at the Methodist Episcopal Church South were conducted by Rev. S. A. Stair. Rev. C. H. Crawford, State superintendent of the Antislavery League, preached in the Methodist Protestant Church at night. At the other churches the services were conducted by the resident pastors.

Fell From Car.

Lillie Stewart, a colored woman, about thirty-five years of age, who lives at 410 south Royal street, fell from a Capital Traction car near the corner of Thirteenth and a-half street, and Pennsylvania Avenue northwest, Washington, shortly after 8 o'clock last night. She was removed to the Emergency Hospital in the ambulance and a wound of the scalp discovered. Her injury was not serious and she was able to come to her home last night.

Arrest of an Alleged Robber.

George Parsons, colored, was arrested at Hyattsville, Md., Saturday, charged with being implicated with two others in the assault and attempt to rob George Candler, a Virginia farmer, on the northern end of the Long bridge two years ago. Parsons was taken to Washington and locked up.

Rear-end Collision.

A rear-end collision occurred at Accotink, on the Washington Southern Railway, this morning between nine and ten o'clock. A freight train which was northbound was struck by passenger train No. 34, also northbound. The freight train was backing into the main track from a siding when struck by the passenger train. The caboose of the freight train was demolished and several cars were derailed. Conductor Goods of the freight was badly hurt, but no one on the passenger train was injured. A wrecking train was sent from Washington to the scene of the accident and the track was soon cleared. Mr. Goods was brought to this city and taken to the Alexandria Hospital where he was attended by Dr. Smith. His injuries are quite serious and it is feared that he is paralyzed from his waist down.

Personal.

Miss Mary Stratton, of Lynchburg, is visiting relatives at 603 Queen street. Miss Mary H. Taylor is on a visit to Rawley Springs. Mrs. K. L. Lambeth has gone to Charlottesville. Mrs. John Abendsheim and her two little daughters have gone to York, Pa., to visit friends. Mrs. W. G. Rogers and her sister, Miss Mamie Agnew, have returned from Loudoun. Mr. W. L. Clark and Miss M. M. Howdershell were married in the Baptist Church at Falls Church last Friday. Misses Daisy and India Marshall have returned from a delightful visit to Charlestown, W. Va.

Held Up and Assaulted.

There was a hold-up at the intersection of Wilkes and Lee streets about eleven o'clock last night, and the cries of the victim brought a number of people to their windows and front doors and caused some excitement. Mr. Lewis Williams, who had been visiting in the neighborhood, started for his home. He had proceeded up Lee street to Wilkes when he was assaulted by a man who evidently intended to rob him. Mr. Williams called for aid when his assailant fled. He could not tell whether the man who attacked him was white or colored.

Hurt While Coasting.

A number of youngsters engage daily and part of the night in the dangerous practice of coasting down King street from Fairfax to the river. There have been several capsize and occasional narrow escapes. Sometimes the riders are so thoughtless as to place little children upon the wheels in front of them. Yesterday evening a youth whose name could not be learned was thrown from his wheel while coasting down the square between Fairfax and Lee streets and received injuries which may prove a warning to him in future.

New Paving.

It is expected that the work of paving King street, from Royal to Fayette streets, a distance of eight blocks, will be commenced some time this week. The contractors for the work, Messrs. Cuvillier Co., have perfect arrangements for the receipt of the necessary material. The repaving of Alfred street with vitrified brick from King to Queen streets, a distance of two blocks, has been completed, and that thoroughfare is now open for traffic.

League to be Organized.

The committee appointed at Trinity Methodist Episcopal Church last Sunday afternoon, after Rev. C. H. Crawford, State superintendent, of the Anti-Saloon League, had delivered his lecture, for the purpose of considering the advisability of forming a permanent organization of the Anti-Saloon League in this city, will meet in that church tomorrow (Tuesday) night and render their report. It is understood that they will report favorably on the matter.

An Alexandrian's Patent.

At the annual meeting of the Master Car Builders' Association held recently at Saratoga, N. Y., among the exhibits was a car veritable equipped with the King automatic sliding platform. This is an invention of Mr. W. M. King of this city, and has been adopted by the Southern Railway and is in use on other roads.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer-time.—Lansing, Iowa, Journal. For sale by Richard Gibson, druggist.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and malaise at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promoting easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. For sale by E. S. Leubke and Sons.

THE CO-OPERATIVE CHARITIES COMMITTEE on the Old Ladies' Home will meet at Miss Burke's Studio on JULY 8 at 10 A. M. By order of the chairman, F. M. BURKE, Secretary.
